SACRAMENTO POLITICIANS DESERVE AN

Sacramento Politicians Failed Us Again!

Politicians Stole Money From Our Schools

Sacramento politicians have stolen even more of our school funding to solve their own budget mess, leaving our local schools another \$95 million short. The state's latest budget grab now will force LBUSD schools to lay off at least 200 teachers and deeply cut or eliminate vital, successful programs.

Although the Long Beach Unified School District has cut more than \$100 million from its budget over the past five years, it has remained a well-managed, award-winning model for school districts nationally.

All of the progress we've made improving education, reducing class size, enhancing student safety and raising test scores is in jeopardy – unless we take action together. **We must act now to keep our tax dollars here at home and make our schools a top priority.**

Measure T Will Keep Our Tax Dollars Here In Local Schools

Measure T will:

- Generate \$12.5 million per year by creating a \$92 annual assessment on local properties for just five years – **only 25 cents a day**
- Save 200 teaching positions
- Maintain after school programs that cut crime and keep our kids off the streets, out of gangs and away from drugs
- Preserve academic and vocational programs that provide kids a pathway to a good job or a college degree

And, Measure T Exempts Senior Citizens.

Measure T Requires Strict Accountability

- A Citizen Oversight Committee will ensure Measure T funds are spent efficiently, effectively and as promised
- Audits will be conducted every year and expenditure reports will be available in local libraries
- By law, no Measure T funds can pay administrators' salaries
- Measure T funds will be put in a separate bank account that can only be spent on voter-approved local classroom needs.

We've Come Too Far To Give Up Now

Our local schools have made great strides. The Long Beach Unified School District has earned dozens of prestigious awards, including the distinction of being America's best school district. Our teachers are ranked among the nation's finest. Numerous elementary, middle and high schools here have won state and national honors for academic excellence.

As a result, we have continued to attract superior teachers. Better teachers and top-notch instruction have increased student achievement. While other school districts experience high dropout rates, our students go on to good jobs or obtain a college degrees.

Without Measure T, our schools will lack the tools necessary to continue the progress they have made.

Measure T is Endorsed By:

- Governor George Deukmejian (ret.)
- Long Beach Mayor Beverly O'Neill (ret.)
- Former LBUSD Superintendent Carl Cohn
- California School Employees Association
- Teachers Association of Long Beach
